INTRODUCTION

MARBA ILLINOIS BUILDING AGREEMENT

This Agreement will provide the parties with the assurance that during this Agreement a fair and honorable relationship will continue. This Agreement provides wage rates and fringe benefits commensurate with the skills and abilities of the workmen and also guarantees that the contractors will receive a service and cooperation in getting the job done.

You will note that this contract contains Agreements which were reached through understanding the problems of each of the parties by the method of free and honest collective bargaining. This Agreement now becomes part of our every day working relationship and it is yours to be administered wisely, adhered to in every respect and defended to the utmost of our ability.

JOINT AGREEMENT

THIS AGREEMENT made and entered into the 1st day of June, 2017 through May 31, 2021 by and between the Mid-America Regional Bargaining Association (MARBA) for and on behalf of the present and future members of its Member Associations, and the individual members thereof individually and their successors and assigns, as provided in Article I, Section 2, hereinafter for convenience, referred to as the "EMPLOYER", and the INTERNATIONAL UNION OF OPERATING ENGINEERS, LOCAL UNION NO. 150, AFL-CIO, hereinafter, for convenience, referred to as the "UNION".

This Agreement shall cover the following named counties:

Cook, DuPage, Grundy, Kane, Kankakee, Kendall, Lake, McHenry and Will all in Illinois.

This Agreement is based upon the understanding that the Employer and Union have a common and sympathetic interest in the Construction Industry. Progress in the industry demands a

mutuality of confidence between the Employer and the Union. Accordingly, a working system and harmonious relations are necessary to improve and further the relationship between the Employer, the Union, and the Public, so that all will benefit by continuous peace and by adjusting any differences by rational common sense methods.

This Agreement shall be in full force and effect from June 1, 2017 through May 31, 2021.

NOW THEREFORE, it is hereby AGREED AS FOLLOWS:

ARTICLE I

SECTION 1 - BARGAINING UNIT

The Bargaining Unit shall consist of all employees engaged in work covered by the occupational jurisdiction of the Union with reference to any and all of the classifications described in Article I, Section 3, "Scope of Work", and Article IX, Section 1 " WAGE RATES AND FRINGE BENEFITS," the wages, hours of work and all other terms and conditions of employment set forth in this Agreement, and the operation, maintenance, repair, moving, dismantling and assembly of equipment covered by this Agreement used on building and construction work regardless of motive power and/or mode of control.

The Bargaining Unit shall also include, for the purposes of Article X and for such purposes only, such persons in the employ of an Employer herein referred to as "Supervisors", defined in the LMRA, as amended, as follows:

....have authority, in the interest of an Employer, to hire, transfer, suspend, lay-off, recall, promote, discharge, assign, reward, or discipline, other employees, and who have responsibility to direct them or adjust their grievances, or effectively recommend such action, if in connection with the foregoing, the exercise of such authority is not merely of a routine or clerical nature, but requires the use of judgment.

and provided, further, that such Supervisor:

A. Has heretofore been included as a member of the "Bargaining Unit" as that term is defined in any previous collective bargaining agreement entered into between the parties hereto, and

B. Was an employee on whose behalf five (5) years prior to the effective date of this Agreement contributions were required to be made for at least 5,000 hours worked, or wages received, as the case then required.

SECTION 2 - RECOGNITION

The Associations and the Employers recognize the Union as the sole and exclusive bargaining agent for all employees employed in work covered by the occupational jurisdiction of the Union by Employers who are now members of the Associations and who have assigned their bargaining rights to the Associations; or such Employers as may hereafter become members of the Associations and who assign their bargaining rights to the Associations, or Employers signatory to this Agreement. The Union recognizes the Associations as the sole and exclusive bargaining agent for its members on whose behalf they have bargaining authority and for such other firms, persons or corporations as may hereafter become members of the Association and assign their bargaining rights to the Associations. The Associations shall keep the Union advised in writing on a current basis, of changes to the list of members who have assigned the Associations their bargaining rights. All other contractor Employers engaged in work covered by classifications in this Agreement and the occupational jurisdiction of the Union shall be subject to the terms of this Agreement.

SECTION 3 - SCOPE OF WORK

This Agreement shall apply to work classifications and operations incidental thereto as are generally accepted as Building Construction such as:

Construction, erection, modification, addition to or improvement of a building structure or structures, the construction, erection, modification, addition to or improvement of an industrial plant or commercial construction and the driving of sheeting, piling, caisson work, slurry operations

within and including the foundation area of a building, rapid transit stations and pump and lift station structures above connecting sewer lines, all excavating (except slurry operations outside of the building line, major excavation, back-filling, site preparation, and site work), foundation work or de-watering or any work directly related to the aforementioned types of building construction including railroad spurs other than the main railroad right of way, assembly and dismantling of all equipment on the job site coming under the jurisdiction of the Operating Engineers. When additional employees are needed to maintain or assist in the operation assembly disassembly or maintenance of any type it shall be a member of the Bargaining Unit unless explicitly required by this agreement.

When a member of the bargaining unit is working within the scope of this Agreement and is required to work within the scope of another agreement the same day, the conditions and wages in the contract most beneficial to the employee shall prevail.

Note: See letter of clarification regarding sewage disposal plants.

SECTION 4A - UNION SHOP

All employees covered by this Agreement shall be obligated to become members of the Union after the seventh, but not later than the tenth day of employment, the date of the execution of this Agreement or the effective date of this clause, whichever occurs later, as a condition of continued employment. All employees who are members of the Union shall maintain their membership in the Union as a condition of continued employment. Any employee who fails to become a member of the Union or fails to maintain his membership therein, or non-member who fails to pay required permit fees in accordance with the foregoing shall forfeit his right of employment, and the Employer shall immediately discharge such employee upon receipt of written notice from the Union provided, however, that the foregoing shall be strictly interpreted, construed and applied in accordance with the applicable provision or provisions of the National Labor Relations Act, as amended.

SECTION 4B – MANAGEMENT RIGHTS

The right to manage and conduct the business, including the right to determine what operations are to be conducted, the methods and means of all operations, to introduce new, improved or changed methods, equipment or facilities, to determine the machinery and equipment to be utilized, the right to hire, promote, manage and direct the work force, to schedule the days, hours and shifts of operation, to determine when overtime shall be worked, to layoff and recall employees, to curtail or close down any operation, to sell and dispose of all or any part of the Employer's assets, and to contract or subcontract work, except as specifically limited by this Agreement, are reserved solely to the Employer.

SECTION 5 – PRE-JOB / JOB CONFERENCE

Either party may before or after a job is in progress, if it deems necessary, request a job conference. The job conference must be held within five (5) days from date of request. The parties shall reduce the Employer's pre-job requirements and agreements to writing, to be signed by the Employer and Union Representative.

SECTION 6 - BRANCHES OF WORK

Except as hereinafter provided, the operation of all Engines and Boilers on Building and Construction work operated by Steam, Hydraulic, Electrical, Compressed Air, Gas or Gasoline, or any other motive power, including but not limited to Pumps, Pump Cretes, Stone Crushers, Air Compressors, Welding Machines, Conveyors, Cableways, Clamshells, Derrick Cars, Generators and Motors, Overhead Cranes, Orange Peel Buckets, Pile Drivers, Floating Derricks, Locomotives, Locomotive Cranes, All Earth-Moving, Concrete and Blacktop Equipment, and all Elevators used for Building Construction or for alteration work, shall be the work of the Operating Engineer.

SECTION 7 - SUCCESSOR/EMPLOYERS

A. SUCCESSOR EMPLOYERS:

This Agreement, when executed by the parties herein, shall be binding upon the Union and Employer, their successor, heirs, executors, administrators, receivers in bankruptcy, receivers in equity, trustees or any such other equivalent designee.

B. NOTICE TO THE UNION:

Employer shall give notice to the Union and the appropriate Fund Office immediately after the occurrence of any of the events relating to the Employer, occurring after the date hereof:

1. Sale, assignment, transfer, or other change in name or ownership;
2. Formation of partnerships;
3. Termination of business;
4. Changes of name commonly used in business operation;
5. Change in form of business organization;
6. Incorporation of business;
7. Dissolution of corporation;
8. Name and business organization of successor; and
9. Admission to or withdrawal from any association operating as a multi-employer bargaining agent.

C. NO DOUBLE BREASTING

In order to protect and preserve work for the employees covered by this Agreement, it is agreed the terms of this Agreement shall apply to any joint venture or separate construction business entity primarily engaged in the construction industry and owned or controlled by the Employer, which performs construction work of the type covered by this Agreement within the geographic jurisdiction of this Agreement.

SECTION 8 - ASSIGNMENT OF WORK

- A. The Employer hereby agrees to assign ALL work that is to be performed in the categories described in Article I, Section 3, Article VII, and/or Article IX to employees in the bargaining unit covered by this Agreement.
- B. The Employer, by entering into this Agreement hereby states and affirms that it is the Employer's preference to have ALL work identified or described in Article I, Section 3, Article VII, and/or Article IX be performed by employees in the bargaining unit represented by the Union covered by this Agreement.
- C. Grievances alleging a violation of this Section, based upon assignment of work to employees and or labor organizations not affiliated with the Building and Construction Trades Department A.F.L.-C.I.O., Joint Conference Board of the Construction Employers' Association and the Chicago & Cook County Building and Construction Trades Council shall be processed through the Grievance Procedure in Article II of this Agreement and shall not be considered to be a jurisdictional dispute and thereby excluded from the Grievance Procedure or otherwise subject to a jurisdictional award as that term is defined under Article IX, Section 6 "JURISDICTIONAL DISPUTES."
- D. The Employer agrees to compensate the bargaining unit member who would have worked but for the Employer's violation of this Section at the double (2x) time rate for all hours the bargaining unit member would have worked but for the Employer's violation.

ARTICLE II

SECTION 1 - GRIEVANCE AND ARBITRATION

For the purpose of this Agreement, the term "grievance" is any claim or dispute involving an interpretation or application of the Agreement by an employee, or an Employer, or the Union,

or the Association that one or the other of the aforesaid persons or organization is violating or has violated this Agreement.

STEP 1. A grievance shall first be taken up between the Union's Business Representative assigned to the job and a designated representative of the Employer. The Union must file the grievance within forty-five (45) days of the date of occurrence giving rise to the grievance or when the affected employee knew or reasonably should have known of the existence of the grievance. Grievances not filed within the forty-five (45) day period are deemed waived and are not subject to being processed through this procedure.

The above forty-five (45) day limit may be waived for violations of Article VI Section 1 – Work Day Work Week, Eight Hour Guarantee, Article VI Section 2 Show-up Pay, Article VI, Section 3 and Article VII Section 1 Prep Time. The liability shall be for three (3) years of the violation, verified by audit. Audit fees shall be paid for by the Company, along with a ten percent (10%) penalty payable to the Union.

STEP 2. In the event the grievance cannot be resolved within seven (7) working days of the STEP ONE conference, it shall be reduced to writing and referred for conference and resolution by designated officials of the Union and the Contractor at a pre-grievance hearing to be held at the office of Local 150, 6200 Joliet Road, Countryside, Illinois, unless another location is mutually agreed to.

STEP 3. In the event the grievance cannot be resolved by STEP TWO, the written grievance shall be submitted within fifteen (15) days to the Joint Grievance Committee created in this Article.

The Union and Association have together created a Joint Grievance Committee to resolve grievances arising under this Agreement. This Committee shall consist of an equal number of members representing Employers and the Union. The Union or Association may appoint alternate members. The Joint Grievance Committee may adopt procedural rules which shall be binding upon all parties to the Joint Grievance Committee proceedings.

The Joint Grievance Committee shall have the power to resolve all grievances before it and shall have the right to examine all records of the Employers and employees as is reasonably necessary to resolve the grievance. The Joint Grievance Committee shall have the authority to determine and assess remedies for violations of this Agreement, including, but not limited to an award of back pay and equivalent benefits to the Local 150 Assistance Fund. The Joint Grievance Committee or the Arbitrator may decide questions of both procedural and substantive arbitrability.

There will be a “cap” of \$25,000.00 placed on the monetary relief or remedy that can be awarded by the JGC for any grievance. Any grievance seeking more than \$25,000.00 that is not resolved at Steps 1 or 2 of the grievance procedure may be submitted by the grieving party directly to Step 4 (neutral arbitration) after Step 2 within 30 days after the Step 2 meeting.

If a grievance is submitted to be heard by the JGC at Step 3, the “cap” of \$25,000.00 shall be the maximum monetary relief that can be granted *in toto* by the JGC without regard to whether the grievance involves claims on behalf of multiple grievants, or seeks relief measured by back pay and benefits due multiple Union members, or presents continuing violation claims.

Grievances processed directly to Step 4 from Step 2 shall not be affected by or limited to the “cap” amount as potential monetary relief at arbitration.

Where the Joint Grievance Committee, by majority vote, resolves a grievance, no appeal may be taken and such resolution shall be final and binding on all parties and individuals bound by this Agreement.

STEP 4. If the Joint Grievance Committee is unable to resolve a grievance by majority vote, the grievance may be submitted within thirty (30) days to a neutral arbitrator. If the Union and the Association or the Employer, as the case may be, cannot agree on an arbitrator, then an arbitrator shall be selected in accordance with the rules and procedures of the American Arbitration Association. The cost of such an arbitrator shall be borne by the losing party. In addition, the prevailing party (as defined below) shall be awarded its reasonable attorney’s fees and costs not to exceed \$15,000.00.

If a grievance proceeds directly to Step 4 from Step 2 under this letter, the losing party at arbitration shall pay the prevailing party's reasonable attorneys' fees and costs, not to exceed \$15,000.00 *in toto*. Documentation of such fee and cost expenditures must be provided upon request.

If a grievance proceeds directly to Step 4 from Step 2 under this letter, the losing party at arbitration shall also be responsible for payment of both its share and the prevailing party's share of the arbitrator's and court reporter's fees and expenses.

For purposes of this provision, the term "prevailing party" in a grievance claiming monetary relief exceeding \$25,000.00 shall mean a final award issued by an arbitrator sustaining the grievance in full and awarding at least 70% of the requested monetary relief.

If an award issues in favor of the grieving party on some but fewer than all of the claims presented to the arbitrator, there can be no shifting of fees or costs for that portion of the grievance which is denied by the arbitrator.

If the monetary relief awarded by the arbitrator to the grieving party is at less than the 70% threshold, the parties shall bear their own attorneys' fees and costs, and split equally the arbitrator's and court reporter's fees and expenses.

If the grievance is denied in full by the arbitrator, the grieved party shall be the "prevailing party" and shall receive fees and costs per the provisions set forth above.

The time limits provided in this Section may be extended by mutual written consent of the Union and the Association and/or the Employer or at the discretion of the Joint Grievance Committee.

Neither the Joint Grievance Committee nor an arbitrator shall have any authority to add to, detract from, or in any way alter the provisions of this Agreement or make a new Agreement.

Decisions of the Joint Grievance Committee and Arbitration Awards shall be complied with within seven (7) days of receipt of the decision by the losing party. A party which fails to comply with the seven (7) day period shall be required to pay an additional ten percent (10%) of the amounts as owed as liquidated damages for failure to comply with the decision or award. In

the event the prevailing party is required to file suit to enforce the decision or award, and it prevails, it shall be entitled to recover its costs, including attorney's fees, from the losing party.

There shall be no lockout by an Employer during the term of this Agreement.

Except as provided in Article III of this Agreement, there shall be no strikes or work stoppages by the Union during the term of this Agreement.

SECTION 2 - PENALTY FOR FAILURE TO PAY WAGES OR FRINGE BENEFITS

A. WAGES - If any Employer fails to pay wages, the arbitration procedure herein provided for shall become inoperative and the Union shall be entitled to resort to all legal and economic remedies, including the right to strike and picket until such failure to pay has been corrected.

This clause shall be inoperative if the amount of wages is bonafidely disputed. In such instance, the Employer shall then pay the wages admitted to be due and the balance shall be settled by the arbitration procedure as provided herein.

If an employee is not paid on the regular assigned pay day, the Employer shall pay penalty of four (4) hours a day to such employee at the straight time rate of pay for each succeeding twenty-four (24) hours of delay. It is understood that said twenty-four (24) hour periods shall not include Sundays and holidays.

ARTICLE III

SECTION 1- PENALTY FOR FAILURE TO PAY ALL FUND CONTRIBUTIONS AND/OR DUES CHECK OFF AND/OR JOINT GRIEVANCE COMMITTEE AND/OR ARBITRATION AWARD AND/OR ATTORNEY'S FEES/AND OR LIQUIDATED DAMAGES

If any employer upon forty-eight (48) hours written notice of default to the Employer fails to pay contributions to the Funds and/or dues check off contributions and/or liquidated damages, interest, or other amounts owed to the Funds, and/or a signed grievance settlement, and/or an arbitration award, and/or attorney's fees (if after ninety (90) days of the entry of the Joint Grievance Committee or arbitration award, the award remains unpaid), the arbitration procedure herein provided for shall become inoperative and the Union shall be entitled to resort to all legal and economic remedies, including the right to strike and picket until such failure to pay has been corrected.

In the event the Union is entitled to recover its costs and attorney's fees under Article III of this Agreement, and these costs and attorney's fees are unpaid, the Union shall be entitled to resort to all legal and economic remedies, including the right to strike and picket until such failure to pay has been corrected.

Disputes as the effectiveness or validity of employee dues deduction authorizations shall not subject a contractor to any right to strike provided for in this Article. The Union must be advised specifically of any such dispute within forty-eight (48) hours of written notice.

SECTION 2 – PENALTY FOR FAILURE TO PAY WAGES

If any Employer fails to pay wages, the arbitration procedure herein provided for shall become inoperative and the Union shall be entitled to resort to all legal and economic remedies,

including the right to strike and picket until such failure to pay has been corrected including penalties set out in Article III herein.

This clause shall be inoperative if the amount of wages is bonafidely disputed. In such instance, the Employer shall then pay the wages admitted to be due and the balance shall be settled by the arbitration procedure as provided herein.

SECTION 3 – BONDING OF EMPLOYER

The Union, may as its discretion, demand a payment bond of any Employer guaranteeing payment of all earnings, vacation savings, welfare and pension benefit contributions which may become due.

SECTION 4 – LEGITIMATE PICKET LINE

It shall not be a violation of this Agreement and it shall not be cause for discharge or disciplinary action in the event an employee refuses to enter upon any property involved in a legitimate labor dispute or refuses to go through or work behind any picket line, including the picket line of the Union party to this Agreement and including picket lines at the Employer's place or places of business. Furthermore, an employee may refuse to cross any picket line when he fears the bodily harm may be done to him.

SECTION 5 - ACCESS TO PREMISES

The duly authorized representative of the Union shall be allowed access to any job site or premises. If access is denied, the Union shall request an expedited grievance procedure by fax or other written communication within forty-eight (48) hours with a fine of TEN THOUSAND DOLLARS (\$10,000.00) per week until access is granted with notification to the association. For

this purpose it shall be the duty of the Employer to provide adequate passes, as requested by the Union, provided the Employer is able to do so.

SECTION 6

A. NO DISCRIMINATION

It is understood and agreed that the Employer shall not discriminate against any member of the Union, any of its officers, its stewards, or any member serving as a member of a committee authorized by the Union based upon their Union activity. In the application of provisions of this Agreement, there shall be no discrimination by the Employer or the Union against any individual because of such individual's age, race, color, religion, gender, sexual orientation, disability, or national origin. When the words in the masculine are used herein it shall include the feminine.

B. INSURANCE COVERAGE

For all employees covered by this Agreement, the Employer shall carry Worker's Compensation Insurance with a company authorized to do business under the applicable laws and regulations and shall in addition pay the tax necessary to secure for all such employees the benefits of the Illinois Unemployment Compensation Insurance Act, irrespective of the number of employees employed.

Upon forty-eight (48) hours written notice, the Union shall have the option to strike any Employer who does not comply with the above.

C. INSURANCE, SANITATION

The Employer must make adequate provision to comply with all the rules and laws pertaining to Insurance and Sanitation as are established by the statutes of the Federal, State, and Municipal Governments where the work is in progress.

D. OCCUPATIONAL INJURY

An employee who is injured on the job and is sent home, or to a hospital, or who must

obtain medical attention, shall receive pay at the applicable hourly rate for the balance of his regular shift on that day. An employee who has returned to his regular duties after sustaining a compensable injury who is required by the Company Worker's Compensation Doctor to receive additional medical treatment during his regularly scheduled working hours, shall receive his regular hourly rate of pay for such time.

SECTION 7 - HIRING

When an Employer performs work covered by this Agreement, the following shall apply:

The Employer will obtain all employees used in the performance of such work through the Referral Offices of the Local Union in accordance with the non-discriminating provisions governing the operation of the Local Union's Referral Offices set out in the current effective Addendum No. 1 to this Agreement as if set forth in full herein.

Furthermore subsequent to referral and hire, the Employer shall make and maintain all work assignments of preferred employees in full compliance with the provisions of said Addendum No. 1. Employer maintains the right to assignment of preferred employees to other assignments.

SECTION 8 - SUBCONTRACTOR

The Employer agrees that he will not contract or sub-contract any work covered by the Scope of Work of this Agreement and/or work coming under the occupational jurisdiction of the Union (including but not limited to assembly and dismantling of equipment, construction materials testing, landscaping and surveying) to be done at this site of construction, alteration, painting, or repair of a building, structure, or other work, except to a person, firm or corporation, party to the applicable current labor agreement with the Union.

ARTICLE IV

SECTION 1 - JOB STEWARD

The job steward shall be selected by the Union from among the members of the Bargaining Unit employed at the job site at the time of selection. The job steward shall be a working employee. The Union shall have the right to designate which employee shall be the steward or acting steward. The job steward shall have no special employment priority or security. In case of any minor difficulty, the steward shall be permitted reasonable time to adjust same without pay deduction.

SECTION 2 - REGULAR ASSIGNED ENGINEERS

The Engineers, or crew, regularly assigned to a piece of equipment shall be given preference when this piece of equipment is required to work, be repaired or moved (in accordance with Article VI, Section 9 hereof) on a regular work day, Saturdays, Sundays, and Holidays, or other overtime.

SECTION 3 - SHELTER AND SAFETY

The Employer agrees that reasonable protection and heat shall be provided for the Engineer and the machinery he operates. The Employer must make adequate provision to comply with all rules and laws as are established by the statutes of the Federal, State, Municipal Governments and American National Standard Institute, Inc., where the work is in progress.

SECTION 4 - RADIATION DETECTION

Employees required to wear a dosimeter radiation detection device will have an additional fifty cents (\$0.50) per hour added to their hourly rate of pay.

SECTION 5 - TRANSPORTATION

Whenever employees of the Bargaining Unit are employed in a mill, plant, refinery,

terminal or other job site where they cannot supply their own transportation to the work area to which they are assigned, the Employer shall furnish transportation from the gate or entrance to their place of employment. All shifts shall start and end at a specified gate or entrance for all employees for whom such transportation is furnished. The Employer shall provide adequate secure parking within a reasonable distance of the jobsite.

SECTION 6 - NOTICE ON LEAVING JOB

No employee shall leave his job without giving due notice to his Employer and the Union.

SECTION 7 - DISCHARGE

The Employer shall have the right to discharge any employee for just cause. The Employer shall notify the Union within twenty-four (24) hours of the discharge of such employee. A written notification to the Union is required in those instances where an Employer does not want a member to be re-dispatched to their company in the future. The member will be unavailable for dispatch to that Employer for a period of two (2) years or sooner at the discretion of the Employer.

SECTION 8 - CELL PHONE PROHIBITION

The use of cell phones by employees while operating equipment during work hours is prohibited.

ARTICLE V

SECTION 1 - CRAFT FOREMAN

A Craft Foreman will be employed by the Employer where eight (8) or more employees in the Bargaining Unit are employed on any one shift at any one project or when the Employer is primarily engaged in the crane rental or equipment rental business, a Craft Foreman shall be employed at each yard or shop where eight (8) or more members of the Bargaining Unit work out of

or receive their work assignments from. Crane rental Craft Foreman may be assigned maintenance work when such assignment does not interfere with other duties of the Craft Foreman.

An Assistant Craft Foreman shall be employed on any shift where there are thirty (30) through fifty (50) employees in the Bargaining Unit employed on any one project and for each additional thirty (30) employees or part thereof.

The Craft Foreman and Assistant Craft Foreman shall not operate equipment or do any repair work except as set forth in this Section. The Craft Foreman and Assistant Craft Foreman will be designated by mutual agreement between the Union and the Employer.

The Craft Foreman will be the lead man of the employees in the Bargaining Unit. Such individual, however, shall neither have the authority to, nor shall he exercise any of the functions customarily exercised by supervisors within the meaning of the National Labor Relations Act, as amended. In no way shall such individual be deemed to be an agent of the Union.

The Craft Foreman shall be responsible for the general supervision of all operating engineers, apprentices, and oilers employed on the project. He shall regularly supervise the maintenance performed on all equipment to ensure that proper servicing is accomplished daily. He shall maintain records (supplied by the Employer) indicating that regular preventative maintenance has been accomplished.

The Craft Foreman will be responsible for maintaining supply of oil and grease, cables and other spare parts and equipment essential for regular operation when such material is made available to him by the Employer or when given the necessary purchasing power to do so by the Employer.

The Craft Foreman may operate or repair equipment on an emergency basis in the event of illness, injury, or unexpected absence of the regularly assigned engineers or mechanic for one shift only. He shall, in addition, supervise the on-the-job training of Apprentices by Journeymen.

An Operating Engineer servicing and maintaining the following listed Class III machines -- Small Air Compressor 170 and under, Small Generator 50kw and under, Mechanical Heaters, 4 small Electric Winches, Air Cooled Welding Machines, Pumps 3 inch and under and portable

conveyors, shall not be counted as employees in the Bargaining Unit in determining the number of men in the Bargaining Unit requiring a Craft Foreman.

The Craft Foreman shall remain on the project during the regular straight time hours if any members of the Bargaining Unit are working. The Craft Foreman shall remain on the project if four (4) or more employees in the Bargaining Unit are working overtime, except for the Class III machines listed in the previous paragraph.

The provisions shall apply to all shift work done pursuant to the terms of this Agreement.

ARTICLE VI

SECTION 1 - STARTING TIME - WORK DAY - LUNCH PERIOD

A. STARTING TIME

The regular starting time for a single shift operation, Sunday through Saturday, inclusive, shall be scheduled at one of the following hours: 7:00 a.m., 7:30 a.m. or 8:00 a.m. The Employer must establish a regular starting time at either 7:00 a.m., 7:30 a.m. or 8:00 a.m. If the Employer desires to change the established starting time, it shall be for a minimum of one week's duration beginning on Monday morning and the employees must be notified before the quitting time of the employee's last day of work prior to Monday of the change in the established starting time for the following Monday.

If there is a governmental agency requiring a different starting time, in which event such requirement shall be the controlling factor.

B. WORK DAY

Eight (8) hours shall constitute a normal day's work between the hours of 7:00 a.m. and 3:30 p.m., 7:30 a.m. and 4:00 p.m. or 8:00 a.m. and 4:30 p.m., as the case may be, pursuant to the established starting time as set forth in Section 1-A of this Article.

C. LUNCH PERIOD

There shall be a regularly scheduled lunch period for all one, two, and three shift operations.

The lunch period shall be one-half (1/2) hour between the hours of 12:00 noon and 12:30 p.m. for the day shift, 8:00 p.m. and 8:30 p.m. for the afternoon shift, 4:00 a.m. and 4:30 a.m. for the night shift. On a three shift operation, the employees on all three shifts will work seven and one-half (7-1/2) hours and be paid for eight (8) hours with a half hour (1/2) lunch period at the time specified above. On a two shift operation, the employees on both shifts will work seven and one-half (7-1/2) hours and be paid for eight (8) hours with a half hour (1/2) hour lunch and it shall be taken at the midpoint of the shift, for which the employee shall be paid.

If the Employer requires an employee to work during his scheduled lunch period on a multiple shift operation, the employee shall be paid double (2) time for the lunch period in addition to his normal day's pay.

On a single shift operation if the Employer requires the employee to work during his scheduled lunch period, he shall be paid double (2x) time for the lunch period in addition to his normal day's pay.

SECTION 2 - SHOW-UP TIME

All employees shall be obligated to report for work each day Monday through Friday at the designated starting time, any notification to the contrary from the Employer to the Employee shall not relieve the Employer from the provisions of this Section. Employees laid off and re-hired within the same calendar week shall be paid the show up time (2 hours) for the days the employee was on lay off. The employee shall remain at the job site if so directed by the Employer or his representative. In the event the employee is held more than two (2) hours or is started to work at any time he shall receive a minimum of eight (8) hours pay and shall be paid pursuant to the following for all shifts Sunday through Saturday.

A. An employee who reports for work and is informed prior to 7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m., or 12:00 midnight, respectively, that he will not work that day shall receive two (2) hours pay.

B. An employee who reports for work and is informed prior to preparation time 6:30

a.m., 7:00 a.m., 7:30 a.m., 3:30 p.m., and 11:30 p.m. that he may not work that day and is released prior to 8:30 a.m., 9:00 a.m., 9:30 a.m., 5:30 p.m., and 1:30 a.m. and is not started to work shall receive two (2) hours pay.

C. An employee who reports for work and commences preparing his machine and is informed prior to 7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m. and 12:00 midnight, that he may not work that day and is released prior to 9:00 a.m., 9:30 a.m., 10:00 a.m., 6:00 p.m. and 2:00 a.m. and is not started to work, shall receive one-half (1/2) hour at the overtime rate for preparation time and two (2) hours pay for show-up time.

D. An employee who is requested to report for work prior to the regular starting time (7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m. and 12:00 midnight) and prior to the requested starting time is informed that he will not work that day, shall receive pay at the overtime rate for the hours prior to the regular starting time and two (2) hours pay for show-up time.

E. An employee who is requested to report for work prior to the regular starting time (7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m. and 12:00 midnight) and held on the job more than two (2) hours after the regular starting time or is started to work at anytime after the requested starting time shall receive pay at the overtime rate for the hours prior to the regular starting time and eight (8) hours pay for the normal workday.

F. An employee held on the job more than two (2) hours or is started to work at anytime after the regular starting time (7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m. and 12:00 midnight, respectively) shall receive a minimum of eight (8) hours pay plus the half hour (1/2) preparation time, when applicable. An employee who is requested to report or is called out after 7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m. and 12:00 midnight, respectively, shall be paid back to 7:00 a.m., 7:30 a.m., 8:00 a.m., 4:00 p.m. or 12:00 midnight, respectively, plus the half hour (1/2) preparation time, when applicable, and such hours shall be counted as hours worked in computing overtime.

The above provisions shall be applicable to all shifts worked under the terms of this Agreement, except the 7:00 a.m., and 7:30 a.m. starting time shall apply to a single shift operation

only. When an employee is requested to report for work on Saturdays, Sundays, or Holidays, he shall be paid pursuant to the provisions set forth in this Article, except he shall be paid at the double (2x) time rate of pay.

SECTION 3 - SHIFT WORK

A. When shift work is established, it must be predetermined as to what machines will be used on the shift work operation and may not be rescheduled on a day-to-day basis unless by mutual agreement between the Union and the Employer. There will be no changing from one machine to another as provided in Article VI, Section 8 of this Agreement on a shift work operation.

In the event of a breakdown of a machine or an emergency involving the preservation of life or property, the Employer may change the employee(s) from one machine to another provided the Employer compensates the regularly assigned employee(s) at the overtime rate of pay for the remainder of such shift that the machine is being used.

B. An employee who has started to work and goes into overtime or works into another shift shall receive overtime until such individual has been released from work.

No shift work shall be established unless it is of three (3) days or more duration, except Class III equipment, otherwise, overtime shall prevail from 4:00 p.m. to 8:00 a.m. When shift work is established for a two (2) shift operation of employees working eight (8) hours each, the starting time for the shift shall be 8:00 a.m. for the day shift and 4:00 p.m. for the afternoon shift. When shift work is established for a three (3) shift operation, the starting time shall be 8:00 a.m. for the day shift, 4:00 p.m. for the afternoon shift and 12 midnight for the night shift. Then only single time shall be paid for shift work during weekdays. Where work is performed from 12:01 a.m. Saturday to 12:00 midnight Sunday, each shall be paid at the Double Time (2) rate of pay.

C. If shift work is on pumps or heaters and seven (7) day pumping or heating is necessary on the job, then each shift shall be entitled to Time and One-Half for Saturdays and Double Time for Sunday.

D. When pumping is required on a six (6) day basis from Monday through Saturday, inclusive,

Double Time (2x) shall be paid for Saturdays. This shall also apply to any heating done with mechanical heaters.

E. Where only two (2) shifts are required, and the Employer wishes the starting time advanced, a representative of the Union and a representative of the Employer shall meet and agree to the starting time for both shifts.

F. SHIFT PREMIUM - Employees working on the afternoon shift shall receive an additional ONE DOLLAR (\$1.00) per hour over the regular rate of pay.

Employees working on the night shift shall receive an additional ONE DOLLAR AND FIFTY CENTS (\$1.50) per hour over the regular rate of pay.

SECTION 4 - NUMBER OF MEN - CONTINUOUS THREE (3) SHIFT OPERATION

It may be mutually agreed upon between the representative of the Employer and a representative of the Union that a rotating shift of four (4) men instead of three (3) men may be used when operating on a seven (7) day per week continuous three (3) shift basis.

SECTION 5 - OVERTIME - HOLIDAYS

A. All overtime shall be paid to the next half (1/2) hour. All overtime shall be paid at the Double Time Rate (2x), except as provided in Article VI, Section 3, Subsection C.

Except Brickfork Operators servicing Brick Masons and Operators on Skidsteer Loaders shall receive time and one-half (1 1/2) the hourly rate for overtime. Brickfork Operators servicing Brick Masons and Operators on Skidsteer Loaders shall be paid the Double Time Rate (2x) for overtime when the craft being serviced is receiving the double time.

Employees assigned to Brickfork servicing Brick Masons and employees assigned to Skidsteer Loaders will be paid straight time for Saturdays during a week when they have not worked or received wages for forty (40) straight time hours Monday through Friday. Brickfork Operators servicing Brick Masons and Skidsteer Loader Operators shall be paid time and one-

half (1 1/2) on Saturdays when the craft they are servicing is receiving time and one-half (1 1/2).

B. The following holidays are designated as those for which doubletime (2x) shall be paid: NEW YEAR'S DAY, DECORATION DAY, FOURTH OF JULY, LABOR DAY, THANKSGIVING DAY AND CHRISTMAS DAY. A holiday falling on Saturday shall be celebrated on Friday. A holiday falling on Sunday shall be celebrated on Monday. If a holiday falls on a day other than a Saturday or Sunday, it shall be celebrated on that date. Double time is paid for work on the day on which the holiday is celebrated. No work shall be done on Labor Day, except to save life or property.

SECTION 6 - SEVERANCE PAY

When the services of an employee are no longer required, he shall receive a full day's pay for the day he is terminated and receive all of his wages before his quitting time, or by Direct Deposit to a previously agreed upon checking or savings account, or by certified mail postmarked within twenty-four (24) hours after his quitting time. If not paid within said twenty-four (24) hours, the Employer shall pay a penalty of four (4) hours of pay to such employee at the straight time rate of pay for each succeeding twenty-four (24) hours of delay. It is understood that said twenty-four (24) hour periods shall not include Sundays or Holidays. Employees shall not be called at home and terminated.

SECTION 7 - WAGE PAYMENT

Wages shall be payable in United States currency or checks at the option of the Employer, or by Direct Deposit to a previously agreed upon checking, or savings account, at the option of the employee, and in no event shall the Employer withhold for more than five (5) days' wages accruing prior to the payday. At the time of payment of wages, the Employer shall furnish the following information on the check stub or accompanying slip to each employee: regular hours worked and overtime hours worked and all deductions including contributions to the Vacation Fund shall be listed separately.

Payday shall be once a week on a specified day during work hours.

If a payroll check is returned to the employee for insufficient funds, the Employer shall pay a penalty of eight (8) hours at the straight time rate of pay for the first day of the violation and four (4) hours a day thereafter until a valid payroll check is received by the employee. It is understood that Sundays and holidays are not included.

SECTION 8 - CHANGING FROM ONE MACHINE TO ANOTHER

A. Employees covered by this Agreement shall not be required to make more than one complete change on a single day shift operation from one machine to another and back to the original machine. If, in so doing, the rate applicable to one machine is higher than that of another, the higher rate shall apply to and be paid for the full shift. All employees working on a multiple shift shall not be required to make a machine change except as provided in Article VI, Section 3, Subsection A.

B. In interpreting and applying this Article, it is understood and agreed that the language therein is not in any way to be interpreted as a limitation on the amount of work any employee is required to do, but only as a limitation on the number of machines such employee can be required to operate or service.

C. Any employee covered by this Agreement shall not be permitted to change to a machine that another employee covered by this Agreement has been employed to operate unless the latter has been discharged for just cause, and the Union has been notified of such discharge. However, if through no act or fault of the Employer, the Regular Assigned Employee is not available for work, this clause shall be inoperative.

SECTION 9 - IDLE TIME - CLASS I AND CLASS II EQUIPMENT

In case of a layoff, a machine must be left idle five (5) work days before another employee can be assigned to such machine. If such machine is reactivated before the five (5) day period, the original employee shall be given first opportunity of employment on said machine. However, if

such employee is not available, this paragraph shall be inoperative.

SECTION 10 - CLASS III EQUIPMENT, CLASS IV AND OILERS

In case of a layoff a machine must be left idle two (2) work days before another employee can be assigned to such machine. If such machine is re-inactivated before the two (2) day period, the original employee shall be given first opportunity of employment on said machine. However, if such employee is not available, this paragraph shall be inoperative.

SECTION 11 - MAINTENANCE AND HEAVY DUTY REPAIR

A. When the Employer is performing work covered by this Agreement and such Employer maintains a maintenance and repair shop, or shops, or does repair and equipment maintenance in the field, all employment and applications for employment to perform such work shall be in accordance with the terms and provisions of this Agreement. The Employer shall have the right to have specialized field and shop repair performed by service representatives of manufacturers or equipment dealers who provide such service.

1. Employees shall keep their equipment in good order and good repair at all times, and shall assist in field repair of same. In the event of a breakdown of equipment, the engineer and oiler, if one is assigned to the equipment, can be reassigned while it is being repaired only when members of the bargaining unit are assigned to perform the repair work.

2. If any repair work is to be performed by anyone other than a member of the bargaining unit, the operator and/or oiler shall assist said non-bargaining unit member with the repair, and shall remain with his assigned machine until all repair work is completed.

3. Unassigned machines shall come under the terms and conditions of number 2 above.

4. All lubing or any other servicing of equipment in the field will only be performed by members of the bargaining unit, including all Grease Trucks or other means of servicing equipment. When it has been traditionally and historically assigned by the

Employer, lubing and any other servicing of equipment in the shop may be performed by a non-bargaining unit member.

On days when operators and oilers are called off or when repair work goes into overtime on a weekday, Saturday, Sunday or Holiday, only a bargaining unit mechanic may perform the repairs with no assistance. If another person is needed to assist, he shall be a member of the bargaining unit.

When warranty work is performed on new equipment, the operator and/or oiler may be reassigned.

The length of time warranty work can be performed by factory service representatives shall be limited to the original factory warranty period.

B. LOADING - The loading and unloading of all power driven self-propelled equipment listed in the wage classifications of this Agreement when being moved by means of low-boy trailers, rail or water on the job site, from job site to job site, yard or shop to job site, etc., shall be deemed the work of the Operating Engineer and shall be covered by the terms of this Agreement. The Employer may at his discretion assign the employee(s) to act as an escort while such equipment is in transit.

C. MOVING - The moving of all power driven self-propelled equipment listed in the wage classifications of this Agreement when moved under its own power on the job site, from job site to job site, from yard or shop to job site, etc., shall be deemed the work of the Operating Engineer and shall be covered by the terms of this Agreement.

SECTION 12 - MECHANICS

Mechanics shall furnish their own tools but shall not be required to furnish special tools such as: Pin Presses, Spanner Wrenches, Air or Electric Wrenches, Gear and Bearing Pullers, Electric Drills, Reamers, Taps and Dies, Oxyacetylene Hoses, Gauges, Torches and Tips, Twenty-Four inch (24") Pipe Wrenches, over 3/4 inch drive socket set, Sockets over two inches (2"). If by mutual agreement, the mechanic is to use his personal pick-up or similar vehicle for the

transporting of his tools, etc., on the job, or from job to job, he shall be compensated at not less than Seven Hundred Twenty-Five Dollars (\$725.00) per month plus all fuel and oil, and any additional insurance rider for said vehicle. In no event shall the furnishing of said vehicle be deemed as a condition of employment. Payment for vehicle rental shall be once each week on pay day except in case of a layoff it shall be as set forth in Article VI, Section 6.

The Employer agrees to pay for or replace with equal quality any tools, (excluding hand tools guaranteed for life by the manufacturer), broken on the job by mechanics or anyone required to furnish their own tools. The Employer shall maintain an insurance policy or assume the cost risk, for loss of the employee's personal tools, or portion thereof, on Company premises, or job site and while in the Company's utility truck, when due to the theft by break-in and entry, including fire and explosions or other circumstances that may happen on the Company premises, or job site, and/or Company's utility truck. The Employer's liability for such loss shall not exceed the actual cost of the tools. It is understood that all employees must furnish the Employer with a complete inventory of the personal tools and their brand. It is further understood that whenever new tools are purchased, the employee must include them on the inventory list previously furnished, and whenever tools are removed, the inventory shall be reduced. If an employee does not supply the Employer with an inventory of tools, responsibility for replacement will not be that of the Employer. All replacement costs shall be paid within thirty (30) days of a reported loss. Employees must notify the Employer of a loss covered by the provision within three (3) days of knowledge of loss.

SECTION 13 - DUTIES OF THE OILER/HELPER

It shall be the duty of the Oiler to keep the machine to which he is assigned thoroughly lubricated and reasonably clean, as instructed by the Engineer and to maintain the machine and assist in such work as directly affects the operation of the machine.

The Oiler shall be under the technical direction of the Engineer, perform such duties as he prescribes and remain at all times in close proximity to the machine.

The same rules and regulations regarding overtime and working conditions which apply to Engineers shall apply to Oilers.

In addition to the above, duties for an oiler/helper on Drill rigs include: aiding the operator during all phases of work, signaling, handling or connecting drilling tools, safety watch, and learning drill rig operations and maintenance. The Oiler/Helper will assist in loading and unloading equipment and supplies, keeping all equipment on jobsite clean, shoveling cuttings, handling hoses, and using and maintaining small equipment and hand tools. The Oiler/Helper is responsible for assisting with drilling operations including, but not limited to, micropiling, ground improvement including stone columns, other deep foundation elements, and soil testing sampling. The Oiler/helper can operate a bobcat, telescopic forklift, or mini excavator during the course of these duties.

SECTION 14 - PER DIEM

The Union will draft a rider for an individual Employer to sign when a member works outside of Local 150's geographic scope.

ARTICLE VII

SECTION 1 - PREPARING EQUIPMENT

A. Engineers on all cranes up to one (1) cubic yard capacity and engineers operating all derricks and¹ all hoists listed in Class I of Article IX hereof, and engineers on cranes of twenty (20) ton lifting capacity or under, shall start one-half (1/2) hour before the regular starting time including shift work to prepare the machine for its operation by oiling, greasing, maintaining and servicing the equipment and shall be paid for said one-half (1/2) hour at the overtime rate.

Combination Backhoe Front Endloader machine with backhoe bucket capacity of less

¹ Single drum hoist of motive power of less than 6 horsepower will not require preparation time.

than one (1) cubic yard shall not be subject to preparation time. Combination Backhoe Front Endloader machine with backhoe bucket capacity of one (1) cubic yard or more shall be subject to preparation time.

All Hydraulic Cherry Picker type machines under twelve (12) ton lifting capacity shall not be subject to preparation time.

All Hydraulic Cherry Picker type machines of twelve (12) ton lifting capacity to a gross vehicle weight up to one hundred ten thousand (110,000) pounds shall be subject to preparation time.

All Hydraulic Cherry Picker type machines of over one hundred ten thousand (110,000) pounds gross vehicle weight shall require an engineer and oiler and/or apprentice as the case may be.

All Tieback machines less than sixty thousand (60,000) pounds capacity shall be subject to preparation time.

In the event a dispute arises over the applicability of preparation time, or oiler (apprentice) requirements, due to the introduction of new models of machines or due to the manufacturer's or Employer's de-rating or re-classification of any machine's size, lifting capacity, bucket capacity, or weight, a committee comprised of an equal number of representatives of the Union and the Association signatory hereto shall meet to make an equitable decision of the machine in question. In the event a majority decision cannot be reached, the dispute shall be processed pursuant to the Grievance and Arbitration Article of this Agreement.

B. Engineers on concrete conveyor systems will be present and assist when the conveyor system is being set up or dismantled, operated or moved. The Engineer will also maintain the generator running the system. An additional Engineer shall be required for each additional generator used and also an additional Engineer shall be used if the conveyor system is set up in sections on different levels and is not one continuous set of conveyors.

SECTION 2 - MACHINERY OPERATION

All Power Shovels, Cable Backhoes, Cable Draglines, Cable Clamshells and Cranes used in work covered by this Agreement where such machinery is rated by the manufacturer as having a capacity of one (1) cubic yard or over, or over twenty (20) ton lifting capacity, Autograde,² Formless Curb and Gutter Machine thirty-six (36") inches in width and over, Roto Mill Grinder thirty-six (36") inches in width and over, Slip-Form Paver, Concrete Paver 27E and over, Concrete Placing Booms, Central Mix Plants, Asphalt Plants, Batch Plants and Trenching Machine thirty (30") inches or over, shall require an Engineer and Oiler (Apprentice), regardless of motive power.

All Lattice Boom Crawler Cranes and Telescopic Crawler Cranes regardless if mounted on Tires, Tracks, or Rail with a manufacturer rated lift capacity above eighty (80) tons or more shall require an Engineer and an Oiler or Apprentice.

All Lattice Boom Crawler Cranes and Telescopic Crawler Cranes regardless if mounted on Tires, Tracks or Rail with a manufacturer rated lift capacity of eighty tons (80) and under, shall require an Engineer, but shall not require an Oiler or Apprentice, unless it has an attachment. All Cranes with attachments shall require an Oiler.

All Lattice Boom Crawler Cranes and Telescopic Crawler Cranes regardless if mounted on Tires, Tracks or Rail with a manufacturer rated lift capacity of eighty tons (80) and under, the Engineer shall receive one-half (½) hour grease time.

If another person is required on any of the above cranes, he shall be a member of the bargaining unit.

The assembly and/or disassembly of all cranes shall require an Operator and or Oiler, as required by this Agreement if any other employees are needed to assist in the assembly and/or disassembly of all cranes they shall be a member of the Bargaining Unit.

Hydraulic machines other than Front Endloaders that are designed to use bucket attachments of various sizes and the manufacturer rates such machine capable of handling buckets

² See letter of intent dated May 6, 1976.

of two (2) cubic yards capacity or over, or if the machine working weight is in excess of one hundred seventy-five thousand (175,000) pounds, or if the manufacturer's rated lifting capacity at a distance of twenty feet (20') from the vertical axis of the machine at ground level exceeds eighteen thousand (18,000) pounds such machine shall require an oiler. Machines that do not require an oiler pursuant to the above shall be subject to preparation time pursuant to Section 1 (A) of this Article, with the exception of Combination Backhoe Front Endloader machine.

In the event machines of a new make, model, design, weight or capacity become available and a dispute arises in regard to the application of the foregoing, a committee comprised of an equal number of representatives of the Union and the Association signatory herein shall meet and based on available information and the manufacturer's specifications issue a majority decision.

In the event a majority decision cannot be reached, the dispute shall be processed pursuant to the Grievance and Arbitration Article of this Agreement.

Non-Lattice Boom Truck Cranes having three (3) axles or less shall not require an oiler. All Non-Lattice Boom Truck Cranes having four (4) axles or more, including dolly (dolly shall count as an axle) shall require an engineer and oiler except as heretofore limited.

On any machine not requiring an oiler when a second man is used, such man shall be an employee of the bargaining unit.

Not with standing the terms of Article VI Section 8 here in, when two licensed engineers or an engineer and oiler or apprentice are concurrently assigned to operate a Tower Crane, (for the purpose of this section tower cranes shall include GCI, Luffers and Hammer Heads) The engineer or oiler or apprentice not actively engaged in the operation of the crane will be considered a utility man, who may operate a skidsteer or forklift to service the job so long as the utility work does not exceed two hours per work day. In the event of absence or tardiness, the utility man shall cover the operation of the hoist, elevators, or rack and pinion type machines for up to two hours.

SECTION 3 - MACHINE REFERENCE GUIDE

"Lifting capacity, capacity in cubic yards, manufacturers rating in pounds" and similar

references to size, weight bucket capacity or performance of a machine or piece of equipment shall be determined by reference to Green Guide for Construction Equipment published by Equipment Watch. Such reference guide and the information contained therein with regard to the standard configuration of a specific piece of equipment or machinery shall be utilized, notwithstanding any modifications or alteration to the machine or piece of equipment.

SECTION 4 - LONG BOOM PAY

All Engineers operating cranes and derricks of all types with booms of ninety feet (90') to one hundred fifty feet (150'), including jib in use or stowed on the machine, shall be compensated an additional SEVENTY FIVE CENTS (\$0.75) per hour over and above the regular wage scale for operating such crane. All Engineers operating cranes and derricks with booms of more than one hundred fifty feet (150'), including jib in use or stowed, shall be compensated the aforementioned SEVENTY-FIVE CENTS (\$0.75) plus an additional twenty cents (\$0.20) per hour over and above the regular wage scale for operating such crane for each additional ten feet (10') of boom or jib. Including when stowed on the machine. When a boom increment exceeds an even ten foot (10') increment, the engineer will receive payment based on the next ten-foot (10') increment.

SECTION 5 - CAPACITY PAY

All engineers operating cranes and derricks with a manufacturers rated maximum capacity exceeding fifty (50) ton shall be compensated TWO CENTS (\$0.02) per hour for each ton of the rated capacity in excess of fifty (50) ton; capacity pay shall increase to THREE CENTS (\$0.03) effective June 1, 2019. Long Boom Pay Section 4 and Capacity Pay Section 5 and Premium Pay as provided for in Section 6 of this Article shall not be pyramided, but the highest rate shall prevail.

SECTION 6 – AUGERS, DRILL RIGS, LARGE DEEP FOUNDATION AND GROUND IMPROVEMENT RIGS

All engineers operating crane mounted augers with kelly bars, cranes with pneumatic, diesel, hydraulic, or electric driven pile hammers or drills, raised blind hole drills, and track or truck mounted drill rigs shall be compensated an additional ONE DOLLAR AND FIFTY CENTS (\$1.50) per hour over and above the regular wage scale for operating such equipment, unless there is an operator already assigned to the attachment. This premium applies to the rig operator and oiler. If the crane requires an oiler and the attachment requires an auxiliary power unit such as an air compressor, hydraulic power pack, or generator for Hydraulic or pneumatic pile attachment the oiler will service that power unit and receive an additional DOLLAR AND FIFTY CENTS (\$1.50) per hour over and above the regular wage scale. Power packs for vibrators driving over two-foot diameter casing require an operator for the power pack, with no premium paid to the crane operator or oiler.

SECTION 7 - CRETER CRANES

Concrete conveyors mounted on rough terrain cranes (creter cranes) eighteen (18) ton and over shall require an engineer and oiler, less than eighteen (18) ton the engineer shall receive preparation time. When the creter crane is equipped with a conveyor system capable of extending seventy feet (70') or more, the engineer shall receive an additional FIFTY CENTS (\$0.50) per hour wage increase over and above the regular rate of pay for operating the creter crane.

SECTION 8 - TRUCK MOUNTED CONCRETE PUMPS AND CONVEYORS

Truck mounted concrete pump or conveyor operations shall require an operator. When such machines are equipped with a boom or conveyor, which is capable of extending ninety feet (90') or more, the engineer shall receive an additional SEVENTY FIVE CENTS (\$0.75) per hour wage increase over and above the regular rate of pay for operating the concrete pump or conveyor.

SECTION 9 - HELICOPTERS

The use of helicopters (external loads) under the terms of this Agreement shall require a three (3) man crew, one (1) pilot and two (2) controllers. The pilot and controllers must have direct radio communications during the actual hoisting operation. The crew shall receive the hourly wage rate set forth in this Agreement for crane operators, and in addition, the pilot shall receive long boom pay up to a maximum length of five hundred feet (500').

SECTION 10 - BRICK FORKLIFTS

Employees operating Brick Forklifts servicing less than ten (10) bricklayers except when unloading material or doing industrial work shall receive Class III rate of pay for that day. Employees operating Brick Forklifts servicing ten (10) or more bricklayers or unloading material or doing industrial work shall receive Class IV rate of pay. (See Article VI, Section 5A.)

SECTION 11 - BOBCATS

Bobcats and/or other Skid Steer machines of a like nature that are designed to use bucket attachments of various sizes and the manufacturer rates such machine capable of handling buckets of three-fourth (3/4) cubic yard or under, such machine shall be in Class II wage category, except when used on housing and commercial work it shall be Class III wage category.

Bobcats and/or other Skid Steer machines of a like nature that are designed to use bucket attachments of various sizes and the manufacturer rates such machine capable of handling buckets of over three-fourth (3/4) cubic yard, such machine shall be in Class IV wage category. (See Article VI, Section 5A.)

SECTION 12 - TIEBACK MACHINES

Tieback machines rated by the manufacturer to have working weight of Sixty Thousand (60,000) pounds or more and/or custom built Tieback machines with a working weight of Sixty Thousand (60,000) pounds or more shall require an oiler/helper regardless of motive power.

Tieback machines rated by the manufacturer to have a working weight of less than Sixty Thousand (60,000) pounds and/or custom built Tieback machines with working weight of less than Sixty Thousand (60,000) shall be subject to the preparation time clause Article VIII, Section 1, of the Agreement regardless of motive power.

When Tieback machines are used to install micropiles or other deep foundation elements, the machine will require an oiler/helper. A deep foundation element is defined as any construction below a structure (pile cap, footing, etc.) that carries load directly or improves or modifies the ground.

SECTION 13 - ELEVATORS

Double elevators of all types shall not require an engineer on each car in use.

Elevators of all types shall require an engineer as set on below:

1. Outside type rack and pinion and similar machines, Class I.
2. When new construction becomes substantially complete, and an occupancy permit is issued by the governing agency, the inside elevator operator rate may be reduced by the Employer to Class III.
3. After a building has been completed and the initial construction contract is over, new tenant construction build out work may be performed under Class IV.
4. An operating engineer shall be employed on automatic elevators on rehab and/or tenant build out work if such work exceeds thirty thousand (30,000) square feet. Such operator shall receive a minimum of Class IV wage up to fifty thousand (50,000) square feet. In excess of fifty thousand (50,000) square feet, the operator shall receive Class III wages.

When an operator is receiving Class III or Class IV wages, his overtime shall be at the rate of one and one-half (1.5) his regular rate of pay Monday through Saturday. Sundays and holidays shall be compensated at two (2x) times the rate of pay.

This Section shall apply to elevators used to transport construction materials, supplies and equipment.

Nothing in this Section shall prevent craft employees carrying hand tools from using other available elevator service at the site or project.

SECTION 14 - BOBCATS, SKIDSTEER LOADERS, FORKLIFTS SERVICING BRICK MASONS AND DRILLS

1. The operation of Bobcats and Skidsteer Loaders shall be assigned to Operating Engineers except as otherwise provided herein. Bobcats and Skidsteer Loaders, including those machines equipped with small jackhammers (pencil breakers) may be assigned to Laborers for the following work:

- (A) building demolition work (inside the structure);
- (B) minor excavation such as curb tear out, replacement and back filling;
- (C) raising, lowering or movement of manholes;
- (D) residential concrete work using one bobcat/skidsteer loader. If more than one machine is used, additional machines shall be assigned to Operating Engineers.

2. Forklifts and Bobcats with pallet fork attachments serving eight (8) or more Brick Masons on commercial projects shall be operated by Operating Engineers. Forklifts and bobcats with pallet attachments serving seven (7) or fewer Brick Masons on commercial projects may be assigned to Laborers.

3. Drilling operations using air track type machines shall be the jurisdiction of the Laborers. Drills where compressor units do not supply the power in the operation of the drill, shall be the jurisdiction of the Operating Engineers.

4. The provisions of this Section shall become effective June 1, 1995. Employers who have traditionally assigned any of the above described Bobcat and Skidsteer Loader operations to Laborers shall not be required to reassign such work to Operating Engineers but shall assign such work to Operating Engineers as the Laborer employees of the Employer currently assigned to such work leave the employ of the Employer through termination or retirement. Upon request, the

Employer shall provide a list of the Laborer employees who are covered by this grandfather provision and shall notify the Operating Engineers when such Laborer employees terminate their employment or retire.

5. Grievances alleging violations of this Section 15 shall be processed through the Grievance Procedure in Article II of this Agreement and shall not be considered to be jurisdictional disputes thereby excluded from the Grievance Procedure.

SECTION 15 - SMALL EQUIPMENT

An Operating Engineer servicing, operating and maintaining the following listed Class III machinery; Small Air Compressors, Small Generators, Small Electric Winches, Welding Machines, and Sump Pumps four (4") inches or under, shall not be required to maintain more than a total of six (6) such machines of the same type. Small Electric Winches for which the total number maintained shall not be more than six (6). An employee shall not be required to service, operate and maintain more than a total of six (6) of the above listed machines in combination. When employees of the bargaining unit are employed to service operate and maintain mechanical heaters, or ground heaters such employees shall be required to service operate and maintain no more than a total of six (6) such heaters. Where a member of the bargaining unit is required to service operate and maintain more than a total of six (6) heaters, such employee shall be compensated at the Class I rate of pay negotiated for Crane Operators in this Agreement. Assignment of such machines shall not exceed a total of nine (9). An Engineer shall not be required on one (1) small heater of less than 250,000 B.T.U.

SECTION 16 - SMALL CATEGORY EQUIPMENT ASSIGNMENT

- A. In the event that the Employer uses not to exceed a total of four (4) of the following listed small Class III equipment in any combination on a job site where members of the bargaining unit are employed by the Employer:
1. Small pumps four inches (4") or under doing intermittent pumping;
 2. One welding machine;

3. Single light plant (50kw and under);
4. Four air cooled welding machines; and
5. One similar piece of equipment.

A member of the bargaining unit shall be assigned and compensated at the rate of ONE DOLLAR (\$1.00) per hour for the entire shift over and above the negotiated rate.

B. In the event an Employer uses any one of the following (B) 1, (B) 2, (B) 3 on a job site where members of the bargaining unit are employed by the Employer:

1. One (1) air compressor of 350 c.f.m. or under;
2. One (1) to nine (9) electric submersible pumps not to exceed three inches (3") each; and
3. One (1) or two (2) four inch (4") electric submersible pumps.

A member of the bargaining unit shall be assigned and compensated at the rate of ONE DOLLAR (\$1.00) per hour for the entire shift over and above the negotiated rate.

C. In the event that there are no members of the bargaining unit employed by the Employer on the job site, the Employer shall have the right to operate equipment as listed in any one (only) of the above listed **A.** - 1., 2., 3., 4., 5., or **B.** - 1., 2., or 3 until such time as members of the bargaining unit are employed by the Employer on the job site, but in no event is work coming within the jurisdiction of the bargaining unit to be permanently assigned to any other employee.

D. In the event an Employer uses a compressor (1) under 350 c.f.m. on a job site where member(s) of the bargaining unit are employed, a member of the bargaining unit shall be assigned and compensated at the rate of ONE DOLLAR (\$1.00) per hour for the entire shift over and above the members negotiated rate.

E. In the event an Employer uses a compressor (1) over 350 c.f.m. on a job site where there are no members of the bargaining unit employed sub-section (d) above shall become inoperative and the Employer shall employ a member of the bargaining unit at the Class IV rate of pay listed in this Agreement.

SECTION 17 - ELECTRIC SUBMERSIBLE PUMPS - JOB SITES OR PROJECTS

A. On a job site where more than nine (9) three inch (3") in diameter or less electric submersible pumps are being used, the Employer shall require a full time Pump Operator at the Pump Wage Rate, to provide for the operation and maintenance of said pumps, during the entire regular daytime shift - Monday through Friday and on such other days as the regular daytime crew are conducting full scale operations. No other operator shall receive premium pay. In the event of a breakdown in any Pumps, the assigned operator shall be subject to call at anytime and any day to assist in the installation, servicing or removal and relocation of said pumps. In such breakdown case, the Employer shall notify the Operator by telephone to report to the job site if available for said duty. An employee shall not be required to operate and maintain more than a total of seventy-five inches (75") discharge.

When a discharge exceeds seventy-five inches (75") or when the Combination of A & C does not apply the Employer shall require a second full-time pump operator - Monday through Friday on the same basis as stated above. However, the Employer may assign the second pump operator to the second shift. It is further understood when the two (2) aforementioned pump operators are employed the total inches of discharge may be increased to one hundred seventy-five inches (175").

When a discharge exceeds one hundred seventy-five inches (175"), the Employer shall require a third full time pump operator - Monday through Friday on the same basis as stated above. However, the Employer may assign the third pump operator to the third shift.

The conditions set forth herein for the first pump operator are also applied to the second and third pump operators respectively.

B. In the event that the Employer uses electric submersible pumps three inches (3") in diameter or less not to exceed a total of nine (9) such pumps and a member of the Bargaining Unit is being utilized on the site, the member shall be assigned to the pumps and shall be compensated at the rate of one dollar (\$1.00) per hour for the entire shift over and above the members negotiated

rate of pay. An employee shall not be required to operate or maintain more than a total of fifteen inches (15") discharge.

C. In the event the Employer uses one (1) or two (2) four inch (4") electric submersible pumps and a member of the Bargaining Unit is being utilized on the site, the member shall be assigned to the pumps and shall be compensated at the rate of one dollar (\$1.00) per hour for the entire shift over and above the members negotiated rate of pay. An employee shall not be required to operate and maintain more than a total eight inches (8") discharge.

D. In the event the Employer uses more than one (1) or two (2) four inch (4") electric submersible pump or any electric submersible pump larger than four inches (4") in diameter a full time pump operator shall be required Monday through Friday on each shift when pumps are in operation and on such other days as the regular crew is conducting full scale operations to provide for operation and maintenance of such pump or pumps. An employee shall not be required to operate and maintain more than one hundred fifty inches (150") discharge.

COMBINATION A & C

An employee may be assigned to operate and maintain a combination of A & C pumps above. Such employee shall be compensated at the rate of one dollar (\$1.00) per hour for the entire shift over and above the negotiated pump rate of pay.

COMBINATION D & B

An employee may be assigned to operate and maintain a combination of D & B pumps above. Such employee shall be compensated at the rate of one dollar (\$1.00) per hour for the entire shift over and above the negotiated rate of pay.

SECTION 18 - ELECTRIC SUBMERSIBLE PUMPS - TUNNELS, ETC.

The Employer shall require a full time pump operator when B or C of Section 17 above is exceeded and the job or project is minus one hundred feet (100') in depth as per the specifications, bench mark, etc., to operate and maintain electric submersible pumps used on tunnels, shafts, and other underground enclosed work, during the entire daytime shift - Monday through Friday and on

such other days as the regular daytime crew are conducting full scale job operations. No other operator shall receive premium pay or be required on the other two (2) shifts in the twenty-four (24) hour day except when the total pump discharge on the project exceeds thirty inches (30"). In this case, a second pump man shall be assigned to the second shift - Monday through Friday and on such other days as the regular second shift crew is conducting full scale job operations.

In the event the total pump discharge on the project exceeds sixty inches (60") a third pump man shall be assigned to the third shift - Monday through Friday and on such other days as the regular third shift crew are conducting full scale job operations.

When pumps require IN LINE service and maintenance such work will be performed by the normal shift pump operator. When pumps require repair or rebuilding, beyond normal warranty work, such work shall be the work of the mechanics.³

ARTICLE VIII

SECTION 1 - BOILER PLANTS

All Boiler Plants used for power by the Employer for Building Construction Work shall be in charge of a Hoisting Engineer, except when steam or power is furnished from an existing plant. None of the foregoing shall apply to steam for temporary heating purposes, except as provided by the Board of Jurisdictional Awards.

SECTION 2 - WASHING BOILERS

Engineers shall wash out boilers when necessary in the opinion of the Employer and shall receive the regular scale of wages. Firemen shall be placed on boilers coming within the jurisdiction of the Bargaining Unit, and such Firemen shall take orders from and be responsible to

³ See Illustration and definition attached to the back of Contract.

the Engineer in charge of the plant.

The same rules and regulations regarding overtime and working conditions which apply to Engineers shall apply to Firemen.

SECTION 3 - CONCRETE MIXER

The Employer shall not operate more than one (1) Concrete Mixer of one (1) bag capacity with side loader on the job unless the same is operated by an employee in the Bargaining Unit, or any Concrete Mixer with skip hoist or side loader attached, regardless of horsepower with the exception of the 7-S size and under, unless the same is operated by an employee in the Bargaining Unit and all equipment so operated shall be covered by such employee.

SECTION 4 - HOISTS

Except small electric drill winches regardless of the horsepower used for Hoisting Materials shall be operated by employees in the Bargaining Unit. Where four (4) or more of the electric winches are used on one job, an Engineer shall be employed to cover them and an additional Engineer for each four (4) thereafter.

It is understood that one (1) automatic reciprocating hoist used on buildings not over fifty feet (50') in height above the grade line, said fifty feet (50') feet to be exclusive of penthouse, parapet wall or chimney above the roof, shall not require an Engineer.

If more than one (1) Automatic Hoist is used on the same building or a group of buildings, then one (1) Engineer shall be employed for the first two (2), three (3), four (4), or five (5) hoists, as the case may be, and thereafter an Engineer shall be employed for each five (5) additional hoists, or portion thereof.

On all automatic hoists over fifty feet (50') in height, as described an Engineer must be utilized.

SECTION 5 - GENERATORS

Generators 50kw and over used to operate equipment equipped with electric motors such as

but not limited to Crushers and Hammerhead Cranes shall have a Class III operator assigned to maintain the generator.

ARTICLE IX

SECTION 1 - WAGE RATES AND FRINGE BENEFITS⁵

The wage rates and fringe benefits for the respective classifications set forth below shall be effective on the dates indicated:

***\$3.00 to be allocated by the Union prior to 6-1-20

All Wages and Fringes shall be retroactive back to 6-1-17

WAGES FOR APPRENTICES

	6/1/17	6/1/18	6/1/19	6/1/20
First Year	\$25.15	*	**	***
Second Year	\$31.40	*	**	***
First half of Third Year	\$36.25	*	**	***
Second half of Third Year	\$38.65	*	**	***
First half of Fourth Year	\$41.05	*	**	***
Second half of Fourth Year	\$44.45	*	**	***

At the end of the fourth year, Apprentices shall become Journeymen Engineers and shall be paid pursuant to the terms of the wage classifications set forth in this Agreement.

In no event shall the rate of pay for apprentices exceed that rate provided for the classification of machine the apprentice may be operating as contained in Article IX of this Agreement.

Apprentices shall be paid according to the Apprenticeship Introduction Slip issued to the Employer and the Apprentice at the time the apprentice is dispatched by the Union to the Employer.

The Introduction Slip must indicate the progress status of the apprentice. As the Apprentice progresses in status, he shall be paid pursuant to the rates set forth in this Agreement.

In addition to the above provisions for rates of pay, fringe benefit contributions shall be as provided for in this Agreement covering work being performed by said Apprentices.

SECTION 3 - SPECIALIZED TRAINING

The Employer agrees to pay for specialized training as required by individual owners or

government agencies to include all tuition, fees, books and other expenses as well as the wages for time spent in direct training (i.e. HAZMAT or specialized safety training), CDL and recertifications are not included.

SECTION 4 - ESTABLISHMENT OF JOINT LABOR MANAGEMENT COMMITTEE FOR CERTIFICATION / TRAINING / TESTING DATA BASE

The Parties agree to establish a Labor Management Committee to develop and implement a program whereby Operating Engineers will be certified as being competent to operate most of the types of equipment covered by this Agreement. The Labor Management Committee created under this provision shall establish the standards and criteria for certification of competency. The Labor Management Committee will have the authority to add new equipment to the certified Operator list, when mutually agreed to. The premium pay for all additional certified classifications will be TWO DOLLARS (\$2.00) per hour over the regular hourly rate.

A website will be developed and implemented to validate testing and training of the bargaining unit members.

SECTION 5 - NEW AND UNLISTED EQUIPMENT

It is mutually agreed between the Union and the Association to meet and discuss on wage rates and manning requirements for all new and unlisted equipment which is not listed in this agreement but that the Union claims under the jurisdiction of International Union of Operating Engineers. Upon written notification of either party, the parties shall meet to discuss all such matters within twenty-one (21) days from the date of notification. If the parties are unable to resolve such matters, the matter may be submitted within thirty (30) days to a neutral arbitrator. If the Union and the Association and/or Employer cannot agree on an arbitrator, then an arbitrator shall be selected in accordance with the rules and procedures of the American Arbitration Association and the arbitration shall be conducted under and in accordance with such rules and procedures. The cost

of such arbitration shall be borne equally by both parties to the arbitration; and the decision of the arbitrator shall be final and binding on all parties and individuals bound by this Agreement. The time limits provided in this Section may be extended by mutual written consent.

SECTION 6 - JURISDICTIONAL DISPUTES

A. ALL COUNTIES (EXCLUDING COOK)

The parties to this Agreement are subject to and agree to be bound by all decisions, awards and provisions of the Agreement establishing the Impartial Jurisdictional Disputes Board, or its successor that is acceptable to the Building and Construction Trade Department of the AFL-CIO and the International Union of Operating Engineers, including, but not limited to, the plan for the settlement of jurisdictional disputes in the construction industry. There is to be no work stoppage by either party while an award is pending.

B. COOK COUNTY

It is understood and agreed that the parties to this Agreement shall be bound to the provisions of the Standard Agreement establishing the Joint Conference Board as if set forth in full herein.

ARTICLE X-FRINGE BENEFITS

SECTION 1. Except where expressly noted, when the phrase “the Funds” is used in this Agreement, it means any and all fringe benefit funds or plans referenced in this Agreement including the Midwest Operating Engineers Health and Welfare Fund, the Retiree Medical Savings Plan, the Midwest Operating Engineers Pension Trust Fund (a/k/a “Pension Fund”), the Midwest Operating Engineers Retirement Enhancement Fund, the Local 150 I.U.O.E. Vacation Savings Plan (a/k/a “Vacation Savings”), Operating Engineers Local 150 Apprenticeship and Skill Improvement Fund, and the Midwest Operating Engineers Industry Advancement Fund and Construction Industry Research and Service Trust Fund (a/k/a “CRF”).

SECTION 2. The Employer shall pay contributions to each of the Funds at the rate required by the Wage Rates and Fringe Benefits provision of this Agreement per hour for each hour for which the employee receives wages under the terms of this Agreement except that the Employer shall pay contributions on behalf of Apprentice employees according to the schedule in Article VIII, Section 2, the Employer shall pay contributions to all of the Funds on behalf of Supervisors, as further described below, and the Employer shall pay contributions to all Funds except Vacation Savings on behalf of owner/operators and relatives, as further described below. Contributions to the Funds shall not constitute or be deemed wages due to the employee.

SECTION 3. All the Funds except CRF maintain a place of business at 6150 Joliet Road, Countryside, Illinois 60525, or at such other place designated by the Trustees. The Employer shall pay contributions to the Funds through Automated Clearing House (ACH) or any mechanism duly designated by the Trustees, at the Trustees' option. The Trustees may require the Employer to use ACH, or any other mechanism duly designated by the Trustees to pay liquidated damages, interest, or any other sums owed to the Funds.

The Employer shall also submit its contribution reports via I-Remit, or any mechanism duly designated by the Trustees at the Trustees' option. Where the Employer fails to utilize the Trustees' designated reporting mechanism, the Funds may charge the Employer a fee set by the Trustees to compensate the Funds for the additional costs associated with non-compliance and such fee is subject to collection in any suit brought by the Funds. The contribution reports must be completed as required by the Trustees.

The reports and payments are due not later than the tenth (10th) day of the following month. If payment for contributions is not received by the Funds by the twentieth (20th) day of the month, the Employer shall be deemed to be in violation of this Agreement and the aforementioned Trust Agreements and shall be liable for contributions due, liquidated damages, interest, and any other cost of collection.

SECTION 4. It is understood and agreed that the Employer shall be bound to the terms

and provisions of the Agreements and Declaration of Trust of each of the Funds, and all amendments heretofore or hereafter made thereto, as though the same were fully incorporated herein. Each Employer bound hereby irrevocably appoints as his representative on the Board of Trustees such Trustees as are named in the Agreement and Declaration of Trust as Employer Trustees and their successors duly appointed as therein set forth.

SECTION 5. The parties recognize that individuals employed by the Employer may receive compensation in such manner that it is difficult to determine for purposes of fringe benefit contributions the precise number of hours which are spent performing bargaining unit work. It is therefore agreed that when an employee performs bargaining unit work and that employee is: a shareholder, officer, managing member, and/or director of the Employer ("owner/operator") or; a relative (father, mother, son, daughter, brother, sister, husband, wife, in-law) of a shareholder, officer, managing member, and/or director of the corporation; the bargaining parties have agreed that any shareholder/relative reporting under this clause must report one hundred twenty (120) hours per month, twelve (12) months a year, irrespective of the amount of work they perform or the amount of compensation they receive in any individual month. The Employer may elect to report on the basis of actual hours worked per month provided the hours reported are in excess of one hundred twenty (120) hours each month. If the Employer fails to make contributions on behalf of an owner/operator or relative, it is understood and agreed that the affected individual is not entitled to the receipt of benefits.

Corporate officers and their children will be exempt from this provision when they operate equipment doing bargaining unit work during an emergency such as fire, flood or to save life or property.

Anything herein contained to the contrary notwithstanding, an Employer required to make contributions on behalf of a "Supervisor" shall make contributions on the basis of one hundred sixty-eight (168) hours each month. The Employer may elect to report on the basis of actual hours worked per month provided the hours reported are in excess of one hundred sixty-eight

(168) hours each month.

The exemptions provided herein do not relieve the Employer from the obligations of Article IV, Section 2 Regular Assigned Engineers of this Agreement.

During the term of this Agreement, if the per member/participant cost of providing Welfare Fund benefits to such persons exceeds the total contributions made on their behalf hereunder on an annualized basis, the parties agree to meet and bargain over the need to increase the one hundred twenty (120) hours monthly minimum contribution requirement of this provision. The parties agree that such meetings and bargaining will not be considered a reopening of the contract for any purpose and all other provisions of the agreement shall remain in force and effect through the term of the Agreement.

SECTION 6. FAMILY AND MEDICAL LEAVE ACT (FMLA): The Employer of any employee who is eligible for and requests leave under the Family and Medical Leave Act (FMLA) shall promptly notify the Health and Welfare Fund Office, and before the leave commences, if possible. Employers shall make Health and Welfare contributions for any employee who is taking leave under the FMLA on the basis of forty (40) hours per week.

SECTION 7. In computing the amounts due for Vacation Savings, the Employer is required to add the amount per hour to the employee's gross wages and then deduct the Social Security and Withholding Tax from the gross figure on each check. The full amount shall then be set aside for remittance to the Vacation Savings.

SECTION 8. The Employer further agrees to be bound by the terms of the Apprenticeship Standards established by the Joint Apprenticeship Training Committee of the Northern Illinois and Northern Indiana Apprenticeship and Skill Improvement Program, as approved by the United States Department of Labor, Bureau of Apprenticeship Training.

SECTION 9. It is understood and agreed that the Administrator of the remaining Funds will administer the collection and distribution of the CRF contributions and will receive a

reasonable fee for that service, subject to approval of the Trustees of the CRF.

Of the CRF contributions, SEVEN CENTS (\$0.07) per hour for each hour for which contributions are made will be distributed to the MARBA Industry Advancement Fund (MARBA IAF), a not-for-profit corporation, and Excavators, Inc., a not-for profit corporation, to be divided with sixty percent (60%) to MARBA and forty percent (40%) to Excavators, Inc.; and ONE CENT (\$0.01) per hour for each hour for which contributions are made will be distributed to the Construction Industry Service Corporation ("CISCO"), a not-for-profit corporation. The remaining NINETY FIVE (\$0.95) per hour, for each hour for which contributions are made will be distributed by the CRF Trustees in accordance with the power and authority granted to them in the applicable CRF Agreement and Declaration of Trust.

Anything herein contained to the contrary notwithstanding, there is specifically excluded from the purposes of the CRF and/or any of the entities to which it distributes contributions, the right to use any of its funds for lobbying in support of anti-labor legislation and/or to subsidize contractors during a period of work stoppage or strikes. MARBA IAF, Excavators, Inc. CISCO and all other recipients of CRF funds shall report annually to the CRF, giving a complete review of their activities and the activities of any of their members, including a certified audit showing the CRF disbursements. The CRF shall report annually to Local 150, IUOE, giving a complete review of its activities and a certified audit showing the Fund disbursements. Said review and audit to be furnished no later than May 1st of each year.

The administration of this Fund shall be solely in the hands of the CRF and no Employer shall pay or deliver any funds to any representative of his employees. The Fund and the Trustees thereof, agree to indemnify and hold harmless the Union, its officers, agents, representatives and members from any claim, suit, cause of action, or otherwise as regards a creation of the Fund, its administration or any act or action in connection therewith, and such indemnity and agreement to hold harmless shall include the payment of costs and attorneys' fees in behalf of the beneficiaries of such indemnity.

The Association agrees to indemnify and hold harmless the Union, its Officers, Agents, Representatives and members from any claim, suit, cause of action, or otherwise as regards the collection and transmission of Industry Advancement Fund collections.

ARTICLE XI

DUES CHECK OFF

Upon receipt of a written check off authorization form from an employee, the Employer agrees to deduct each week the applicable initiation fees and monthly dues uniformly required for obtaining and maintaining membership in the Union from the pay of each employee covered by this Agreement and shall remit the same to the Union, no later than the tenth (10th) day of each month, together with an itemized statement of such deductions. No deductions shall be made which are prohibited by applicable law. Payments, accompanied by monthly reports on forms provided shall be submitted to the Midwest Operating Engineers Fringe Benefit Fund, 6150 Joliet Road, Countryside, Illinois 60525. Report forms are available at the above address.

However, if payment is not received by the twentieth (20th) day of the month, it shall be considered a violation of this Agreement, and the Union shall be entitled for all contributions due, liquidated damages, interest, and any other cost of collections.

It is the intention of the parties that such deductions shall comply with the requirements of the Section 302 (c) (4) of the Labor Management Relations Act of 1947, as amended, and that such deductions shall be made only pursuant to written assignments from each employee on whose account such deductions are made, which assignment shall not be irrevocable for a period of more than one (1) year, or beyond the termination date of this Agreement, whichever occurs sooner.

The Union agrees to indemnify and hold harmless the Employer, from any claim, suit, cause of action, or otherwise as regards a creation of the Dues Deduction, its administration or any act or action in connection therewith and such indemnity and agreement to hold harmless shall include the payment of costs and attorneys' fees in behalf of the beneficiaries of such indemnity.

FEDERAL PAC CHECK-OFF

The Employer will deduct FIVE CENTS (\$0.05) for each hour that the employee receives wages under the terms of this Agreement on the basis of individually signed voluntarily authorized deduction forms and shall pay over the amount so deducted to the International Union of Operating Engineers Political Action Committee ("IUOE PAC"), 6200 Joliet Road, Countryside, Illinois 60525. It is agreed that these authorized deductions for the IUOE PAC are not conditions of membership in the International Union of Operating Engineers, Local 150, or of employment with the Employer, and that the IUOE PAC will use such monies in making political contributions in connection with federal elections. Payments to the IUOE PAC, accompanied by monthly reports on forms so provided by the International Union of Operating Engineers, Local 150, shall be remitted at the same time as required for the monthly pension and welfare payments on a separate check made payable to the IUOE PAC at the above address. The Employer shall deduct a processing fee each month from the total amount to be transmitted to the IUOE PAC to be calculated at the Illinois Department of Revenue standard which is currently 1.75 percent.

The Union agrees to indemnify and hold harmless the Employer from any claim, suit, cause of action, or otherwise with regard to creation of this dues deduction, its administration, or any act or action in connection therewith, and such indemnity and agreement to hold harmless shall include the payment of costs and attorneys' fees on behalf of the beneficiaries of such indemnity.

ARTICLE XII

SAVINGS CLAUSE

Any provision contained herein that is contrary to or held to be in violation of the Labor Management Relations Act of 1947, or any Federal Law now in force or hereafter enacted, or hereafter becoming effective, shall be void, and of no force or effect, and this contract shall be

construed as if said void provision here were not a part thereof, it being intended, however, that the other provisions of this contract shall not be affected thereby.

It is further agreed that should compliance with any Federal Law, or amendment thereof, or any order or regulation issued thereunder, now or hereafter in force and effect, prohibit the carrying out of any of the provisions of this Agreement, then to the extent of such deviation or prohibition this Agreement shall be deemed to have been automatically amended, effective on the effective date of such law, order or regulation.

Such amendment to this contract shall remain in effect only so long as said law, amendment, order or regulation continues in force, or until the expiration of this Agreement, whichever event shall first occur.

ARTICLE XIII

ENTIRE AGREEMENT OF THE PARTIES

This represents the entire Agreement of the parties, it being understood that there is no other Agreement or understanding, either oral or written. The Employer understands that the Union is a fraternal society and as such, and in keeping with the provisions of the Labor Management Relations Act of 1947, as amended, has the right to prescribe its own rules and regulations with respect to the acquisition or retention of membership in the Union or with respect to any other matters for its own use. However, such rules or regulations whether contained in a by-laws, constitution or otherwise shall have no effect directly or indirectly upon this Collective Bargaining Agreement, any employment relationship or the relationship between the parties.

EFFECTIVE DATE

This Agreement shall become effective the 1st day of June, 2017, except as otherwise provided herein, and remain in full force and effect until the 31st day of May, 2021, and shall thereafter continue from year to year, unless at least sixty (60) days prior to the expiration date, or as thereafter extended, either party herein shall notify the other in writing of its intention to terminate. It is contemplated that the parties will, in said sixty (60) days period meet with each other to negotiate a new agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement this 29th day of AUGUST, 2017.

MEMORANDUM of CLARIFICATION/SEWAGE PLANTS

Regarding application of Illinois Building/Heavy and Highway and Underground Agreements of Local 150 IUOE which expire on June 30, 1981 in their application to:

SEWAGE PLANTS

This memorandum based on a site visit to the Aurora Sewage Plant, Montgomery, Illinois (See minutes Case No. 79-17 and Joint Grievance Committee Minutes, January 4, 1980,) (A.J. Lowe Co. vs. Local 150 IUOE) is effective July 15, 1980.

1. All sewer and watermain pipe outside of structure wall or building wall to be installed under the Heavy and Highway and Underground Agreement.
2. All sewer and watermain pipe inside a structure wall or building wall to be installed under the Illinois Building Agreement.
3. All air feed pipe and chemical feed pipe, even though installed underground, shall be installed under the Illinois Building Agreement.

FOR THE ASSOCIATION:

FOR THE UNION:

COMPETITION COMMITTEE

The Union and the Association together shall create a Competition Committee.

This Committee shall consist of an equal number of members representing the Employer and Union with no less than three (3) persons from each group. The Union and/or Association may appoint alternate members.

The purpose of this Committee shall be to consider and implement under appropriate circumstance and base on adequate economic justification modification of the Agreement to apply to specific projects and/or geographic areas to assure continued work opportunities for employees working under this Agreement

JOINT LABOR-MANAGEMENT

UNIFORM DRUG/ALCOHOL ABUSE PROGRAM

I. POLICY STATEMENT

The parties recognize the problems created by drugs and alcohol abuse and the need to develop prevention and treatment programs. COMPANY NAME, and the signatory union seek to protect people and property, and to provide a safe working environment. The purpose of the following program is to establish and maintain a drug free, alcohol free, safe, healthy work environment for all of its employees.

II. DEFINITIONS

A. **Company Premises** - The term "Company Premises" as used in this policy includes all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the Company. Construction job sites for which the company has responsibility are included.

B. **Prohibited Items & Substances** - Prohibited substances include illegal drugs (including controlled substances, look alike drugs and designer drugs), alcoholic beverages, and drug paraphernalia in the possession of or being used by an employee on the job.

C. **Employee** - Individuals, who perform work for COMPANY NAME, including, but not limited to, management, supervision, engineering, craft workers and clerical personnel.

D. **Accident** - Any event resulting in injury to a person or property to which an employee, or contractor/contractor's employee, contributed as a direct or indirect cause.

E. **Incident** - An event which has all the attributes of an accident, except that no harm was caused to person or property.

F. **Reasonable Cause** - Reasonable cause shall be defined as excessive tardiness, excessive absenteeism, and erratic behavior such as noticeable imbalance, incoherence, and disorientation.

III. CONFIDENTIALITY

A. All parties to this policy and program have only the interests of employees in mind, therefore, encourage any employee with a substance abuse problem to come forward and voluntarily except our assistance in dealing with the illness. An employee assistance program will provide guidance and direction for you during your recovery period. If you volunteer for help, the company will make every reasonable effort to return you to work upon your recovery. The company will also take action to assure that your illness is handled in a confidential manner.

B. All actions taken under this policy and program will be confidential and disclosed only to those with a "need to know".

C. When a test is required, the specimen will be identified by a code number, not by

name, to insure confidentiality of the donor. Each specimen container will be properly labeled and made tamper proof. The donor must witness this procedure.

D. Unless an initial positive result is confirmed as positive, it shall be deemed negative and reported by the laboratory as such.

E. The handling and transportation of each specimen will be properly documented through the strict chain of custody procedures.

IV. RULES-DISCIPLINARY ACTIONS-GRIEVANCE PROCEDURES

1. **Rules** - All employees must report to work in a physical condition that will enable them to perform their jobs in a safe and efficient manner. Employees shall not:

A. Use, possess, dispense or receive prohibited substances on or at the job site; or

B. Report to work with any measurable amount of prohibited substances in their system.

2. **Discipline** - When the company has reasonable cause to believe an employee is under the influence of a prohibited substance, for reasons of safety, the employee may be suspended until test results are available. If no test results are received after three (3) working days, the employee, if available, shall be returned to work with back pay. If the test results prove negative, the employee shall be reinstated with back pay. In all other cases:

A. Applicants testing positive for drug use will not be hired.

B. Employees who have not voluntarily come forward, and who test positive for a drug use, will be terminated. Refusal to cooperate with testing procedures will be treated as the equivalent of a positive test.

C. Employees who refuse to cooperate with the testing procedures will be terminated.

D. Employees found in possession of drugs or drug paraphernalia will be terminated.

E. Employees found selling or distributing drugs will be terminated.

F. Employees found under the influence of alcohol while on duty, or while operating a company vehicle, will be subject to termination.

3. **Prescription Drugs** -

Employees using a prescribed medication which may impair the performance of job duties, either mental or motor functions, must immediately inform their supervisor of such prescription drug use. For the safety of all employees, the company will consult with you and your physician to determine if a re-assignment of duties is necessary. The company will attempt to accommodate your needs by making an appropriate re-assignment. However, if a re-assignment is not possible, you will be placed on temporary medical leave until released as fit for duty by the prescribing physician.

4. **Grievance** -

All aspects of this policy and program shall be subject to the grievance procedure of the applicable collective bargaining agreement.

V. DRUG/ALCOHOL TESTING - The parties to this policy and program agree that under certain circumstances, the company will find it necessary to conduct drug and alcohol

testing. While "random" testing is not necessary for the proper operation of this policy and program, it may be necessary to require testing under the following conditions:

A. A new employee shall be eligible to be "pre-employment" tested either prior to starting work or within the first forty-eight (48) hours of employment. The employee is entitled to be compensated for the time required to submit the test;

B. A test may be administered in the event a supervisor has a reasonable cause to believe that the employee has reported to work under the influence, or is or has been under the influence while on the job; or has violated this drug policy. During the process of establishing reasonable cause for testing, the employee has the right to request his on-site representative to be present;

C. Testing may be required if an employee is involved in a workplace accident/incident or if there is a workplace injury;

D. Testing may be required as part of a follow-up to one (1) year period;

E. Employees may also be tested on a voluntary basis.

F. Employer must notify the Union's dispatch office in writing, within a reasonable time, of any positive test result or refusal to cooperate with testing procedures.

Each employee will be required to sign a consent and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, ongoing employment by the company will be terminated.

Drug testing will be conducted by an independent accredited laboratory (National Institute on Drug Abuse and/or College of American Pathology), and may consist of either blood or urine tests, or both as required. Blood tests will be utilized for post accident investigation only.

The company will bear the costs of all testing procedures.

VI. REHABILITATION AND EMPLOYEE ASSISTANCE PROGRAM

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter. If an employee voluntarily notifies supervision that he or she may have a substance abuse problem, the company will assist in locating a suitable employee assistance program for treatment, and will counsel the employee regarding medical benefits available under the company or union health and welfare/insurance program.

If treatment necessitates time away from work, the company shall provide for the employee an unpaid leave of absence for purposes of participation in an agreed upon treatment program. An employee who successfully completes a rehabilitation program shall be reinstated to his/her former employment status, if work for which he/she is qualified exists.

Employees returning to work after successfully completing the rehabilitation program will be subject to drug tests without prior notice for a period of one year. A positive test will then result in disciplinary action as previously outlined in this policy and program.

CRANE - RENTAL COMPANY SIDE LETTER

TO THE MARBA ILLINOIS

ILLINOIS BUILDING AGREEMENT

WHEREAS, the International Union of Operating Engineers, Local 150, AFL-CIO (“Local 150”), and the Mid-America Regional Bargaining Association (“MARBA”) are currently parties to collective bargaining agreements known as the Illinois Building Agreement (“IBA”), and the Illinois Heavy, Highway and Underground Agreement (“IHHUA”), effective June 1, 2010, and amended and extended through May 31, 2017. The parties expressly adopt all terms and conditions of those agreements in effect;

WHEREAS, various companies whose primary business it is to rent cranes (“Crane-Rental Company”) and signatory to the IBA by either Memorandum of Agreement or by Association are separately signatory to a side letter which in general permits these companies to allow for the crane operators in their employ to be put directly onto the payrolls of the Local 150 signatory contractors to whom they are renting the cranes. This practice of allowing operators to “switch payrolls” is permitted specifically under the crane-rental company side letter and generally for all companies under Section 8(D) of the hiring procedures contained in Addendum No. 1 to the collective bargaining agreements referenced above; and,

WHEREAS, in order to clarify the application and interpretation of the crane-rental company side letter and Addendum No. 1, those documents and any other practices specifically concerning the crane-rental companies switching of payrolls are hereby modified and/or to the extent inconsistent, superseded, as follows:

1. The option of crane-rental companies to allow their employees to switch to the payroll of a renting signatory contractor is limited to crane-rental companies that are signatory to the IBA.
2. When an employee of a crane-rental company is switched to the payroll of a renting signatory contractor, the employee is entitled to compensation under the

IBA regardless of the work being performed by the renting signatory contractor and includes, but is not limited to, wage rates, fringe benefits and double-time for overtime for all hours worked and any other occasions under which double-time must be paid under the IBA.

3. When an employee of a crane-rental company is switched to the payroll of a renting signatory contractor, the crane-rental company is responsible for any wages and fringe benefits not paid to the employee by the renting signatory contractor. In addition, the crane-rental company to which the employee was originally dispatched is also responsible to ensure that employees receive proper documentation of compensation for tax purposes, eligibility for fringe benefits, etc.
4. The manner in which it is determined whether a craft foreman shall be employed by the crane-rental companies under Article IV of the IBA will not be effected by this agreement and shall remain the same as has been the traditionally accepted and agreed upon practice between the crane-rental companies and Local 150.
5. It is understood and agreed that, unless over-ridden by a superseding international agreement to which the crane-rental companies and Local 150 are a party, the crane-rental companies that are signatory to this agreement shall perform all work under the IBA regardless of the scope of the work being performed.
6. It is understood and agreed that the crane-rental companies will allow an employee payroll switch to be only from the employing crane-rental company directly to the renting signatory contractor with no other crane-rental companies or contractors acting as intermediaries in the employee payroll switch transaction.

ADDENDUM 2

MARBA-LOCAL 150 BUILDING

CRANE RENTAL/EQUIPMENT RENTAL COMPANIES AGREEMENT

1. Crane Operators and oilers shall receive a fourteen (14) hour guarantee per week for work under the Building Agreement. During any week in which a holiday falls except for the weeks of Thanksgiving and Christmas, the guarantee is reduced to eight (8) hours. Crane Operators and oilers dispatched from the hiring hall in their initial week of hire or as single day call outs will not be subject to the weekly guarantee unless they are call backs and have been in the employ of the hiring crane company within the previous twenty (20) calendar days. All hours worked or paid in a week shall apply towards the fourteen (14) hour guarantee.
2. Effective June 1, 2010, employees employed by employers primarily engaged in the crane rental/equipment rental business may be notified up until 10:00 p.m. of the previous day for a single shift operation or within six (6) hours after the end of the employees' shift on a multiple shift operation, by an authorized representative of the employer if there is no work the following day. Failure to notify the employee prior to 10:00 p.m. of the previous day for a single shift operation or within six (6) hours after the end of the employees' shift on a multiple shift operation entitles the employee to show-up time as defined by Article V, Section 2 of the IBA.
3. Crane Companies will pay the following as a wage premium to Crane Operators and Oilers (only) for each hour worked under the Building Agreement:
 - a. Effective June 1, 2011 \$1.25
 - b. Effective June 1, 2012 additional \$0.50 (Total of \$1.75)

Note: Wage premium and call off provision does not apply to craft foreman, assistant craft foreman, mechanics, and truck drivers.

4. Definition of a Crane Rental barn – as described in the existing “Crane-Rental Companies Side Letter” to the Illinois Building Agreement (i.e., “companies whose primary business it is to rent cranes”).

5. When switching to a General Contractor's payroll, items 1, 2 and 3 will not apply to that crane Operator or Oiler

EMPLOYER PERSONNEL POLICY SIDE LETTER

The International Union of Operating Engineers, Local 150, AFL-CIO, ("Local 150"), and the Mid-America Regional Bargaining Association ("MARBA") are currently parties to collective bargaining agreements known as the Illinois Heavy, Highway, and Underground Agreement and the Illinois Building Agreement, both effective June 1, 2017, amended and extended through May 31, 2021. Those Agreements include management rights clauses which state:

The right to manage and conduct the business, including the right to determine what operations are to be conducted, the methods and means of all operations, to introduce new, improved or changed methods, equipment or facilities, to determine the machinery and equipment to be utilized, the right to hire, promote, manage, and direct the workforce, to schedule the days, hours and shifts of operation, to determine when overtime shall be worked, to layoff and recall employees, to curtail or close down any operation, to sell and dispose of all or any part of the Employer's assets, and to contract or subcontract work, except as specifically limited by this Agreement, are reserved solely to the Employer.

The parties confirm all terms and conditions of those Agreements in effect with the following additions and only these additions:

1. The management rights clauses to the Agreements permit individual employers to adopt personnel policies. Such policies are effective to the extent their content is not otherwise specifically limited by or contrary to the terms and conditions of the Agreements;

2. Individual employers may require individual employees represented by Local 150 to sign copies of employer personnel policies in order to acknowledge receipt. Such signatures are not a waiver by the individual employee or the Union of their rights to challenge the promulgation, implementation or application of such policies in the appropriate forum, including but not limited to the grievance procedure and/or the National Labor Relations Board;
3. Local 150 reserves the right to challenge any individual employer policies to the extent it contends or believes such policies are contrary to any of the specific provisions of the Agreements or to the National Labor Relations Act; and
4. Individual employees may be required to sign such forms as required by any governmental body/agency or regulation/directive/statute, or by a project owner, as a condition of hire, such as:
 - Form W-4
 - Form IL-W-4
 - Federal Contractor EEO/Veteran Self-Identification Forms
 - USCIS Form I-9 (Employment Eligibility Verification)
 - Background authorization check forms for employment on projects at schools/hospitals/day-care and pre-school centers/libraries (and similar facilities), nuclear or other power generation station facilities, airports, rail yards and railroads, refineries, the Metropolitan Water Reclamation District of Greater Chicago.
 - Forms acknowledging that Operators required to possess a valid CDL for job purposes are subject to IDOT and/or USDOT drug and alcohol testing protocols and requirements.

This list is not an exclusive list. By agreeing to this list of examples, the Union does not waive its right to challenge a requirement that an individual sign any Form not listed above under this paragraph as contrary to any of the specific provisions of the Agreements in the appropriate forum, including but not limited to the grievance procedure and/or the National Labor Relations Board.

In addition, the use of such forms on a project are subject to the pre-job/job conference provisions set forth in the Agreements. Either party, if it elects, may request a pre-job/job conference on this topic under the agreements.

IN WITNESS WHEREOF, the parties have executed this Agreement this 29th day of AUGUST, 2017.

OFF ROAD TRUCKS

Employers may request and the Union will provide, if available, first and second year apprentices to operate off-road truck equipment, to be paid as required by the agreements.

If no such apprentices are available, journeymen will be provided by the Union and they may be paid at the third-year apprentice first half rate, with full journeyman benefits, for non-prevailing wage work.

IN WITNESS WHEREOF, the parties have executed this Agreement this 29th day of AUGUST, 2017.

LETTER OF UNDERSTANDING BETWEEN I.U.O.E. LOCAL 150 AND MID-AMERICA REGIONAL BARGAINING ASSOCIATION

The establishment and implementation of a drug testing program, including but not limited to a random drug testing program administered by an independent third party, is hereby reserved for the future consideration of the parties. Upon service of sixty (60) days' notice in writing by either party, such issue shall be taken up for discussion and further negotiation by the parties hereto. Neither the request for, nor the conduct of, said negotiations shall impact the validity or enforceability of any other provision of this Agreement.
